

EasyPost

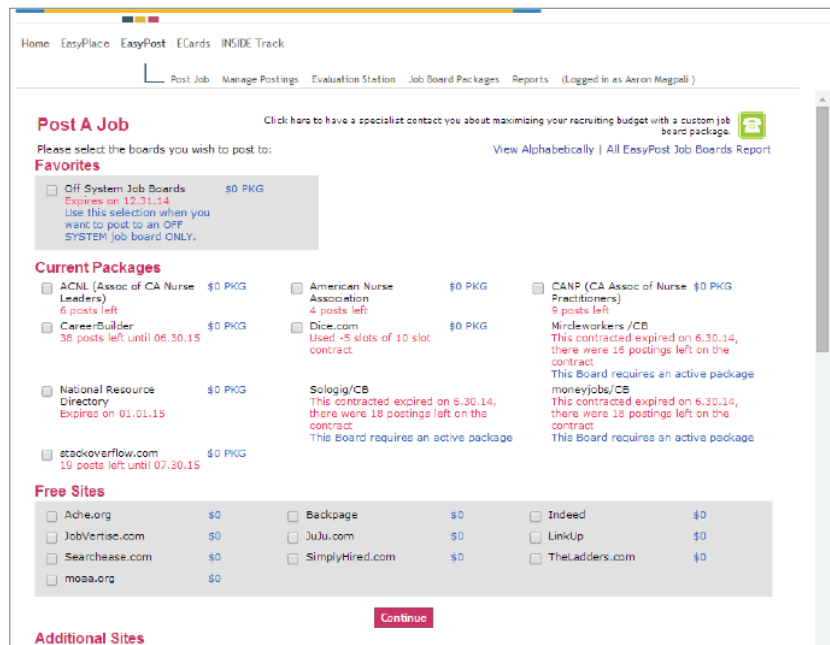

Are you looking for an efficient and effective way to post your jobs to multiple job boards using a single form? Are you looking for facts and figures on key job boards to make informed posting decisions? Would you like to go beyond the 'post and pray' process to basic job boards and include social sites and incorporate Pay-Per-Click and Pay-Per-Lead sites into your sourcing mix? Then look no further. EasyPost has the automated answer to your posting needs.

POST TO 400+ TOP JOB BOARDS WITH ONE CLICK

What is EasyPost? It is a one-click system that allows you to post to all the top global job boards. Fact sheets let you make informed selections, and response data lets you measure ROI.

INCREASE YOUR ROI

Demonstrate the revenue impact you can have on your organization by providing tools to enable and enhance the job posting process. Add EasyPost to your toolbox and let your recruiting team spend their time where it counts — in bringing the best possible candidates into your organization.

MAKE YOUR STAFF MORE PRODUCTIVE

- Place postings or access reports 24/7.
- Post, repost, find your posting on the job boards, modify, delete and report on all of your posting activity.
- Access objective evaluations of all connected job boards, plus job board statistics and pricing.
- View daily reporting on applications per job board.

REDUCE JOB POSTING TIME BY UP TO 30%

- Supports both job board contracts and single postings.
- Integrate this system with your ATS.
- Link this system to other EasySuite tools — an advertising management portal and a robust candidate response management tool.
